### Transportation for School Trips and Athletic Events

If student transportation is by a Wake County System owned vehicle, the school system vehicle liability coverage is applicable to any vehicular accident.

If student transportation is by a private vehicle, the vehicle owner’s liability coverage is applicable to any vehicular accident.

Parent or adult drivers should be aware that they may be held responsible for injuries to any individuals they are transporting and must certify that any private vehicle used is covered by at least the North Carolina State required insurance coverage.

*I have read the above statements regarding accident insurance coverage on Wake County Public School System school trips or athletic events. I also understand that I, or the owner of the vehicle being driven by me on this trip, may be responsible for injuries that occur to the individuals being transported. In the event that I am using a privately owned vehicle for transportation on this trip, I certify that the vehicle is covered by insurance as required by North Carolina State Law. I further certify that I have a current operator’s license that has not been suspended or revoked for any reason, which authorizes me to drive the vehicle being used in the state of North Carolina and that I have not been charged or convicted of any motor vehicle violations, other than minor traffic violations, within the past 5 years.*
